THE FOURTH IN GLOBE

A Celebration That Was Highly
Creditable to the Moun-
tain City.

EAGLE SCREAMED AT TROY

A Day Filled With Interesting Contests of Skill
and Entertainment for Everybody. Mine
Foreman Thos. Kavanaugh a Visitor Here.
No Reports Improvement in Mines at Troy.

The Globe orchestra has decided to
discontinue the Saturday night
dances, as the attendance has not
been sufficient to warrant the com-
pletion of the series.

An adobe house on the south side
of Pinal creek opposite the railroad
shops, belonging to Frank Jordan,
was damaged by fire last Saturday
afternoon. Its complete destruction
was prevented by Messrs. Needham
and Boardman of the G. V. G. & N.
railroad force, who arrested the flames
with fire extinguishers.

Gila Encampment, No. 5, installed
officers on Monday night, as follows:
C. P. C. L. Houston; M. P. S. C.
Saylor; S. W. Wm. Whalley; Scribe,
Eugene Middleton; Treasurer, H. C.
Hitchcock; J. W. N. A. Nelson. The
grand officers are: D. G. P., John Mo-
lony, and G. J. W., C. W. Slack. Af-
ter the installation the members and
a few guests discussed a generous
lunch. The occasion was thoroughly
enjoyed.

The local lodge of Rathbone Sisters
installed officers on the evening of
July 2, and after the ceremonies en-
tertained members of the Knights of
Pythias at an enjoyable social session.
The new officers are: Mrs. Ida Mc-
Nelly, P. C.; Mrs. Lois Gundlach,
M. E. C.; Mrs. Elizabeth Merritt, E.
S.; Mrs. Elvira Middleton, E. J.; Mrs.
Ida Bowman, M.; Miss Ida Oldfield,
M. of R. & C.; Mrs. Addie Briggs, M.
of F.; Miss Daisy Oldfield, G. of O.
T.; Mrs. Josephine Wilson, P. of T.

Thos. Kavanaugh, foreman of the
Troy and Manhattan mines, came
over from Troy on Monday to remain
for a few days. The trouble at Troy
has been adjusted and work at the
mines and smelter will be resumed
next week. The mines look well and
the Alice and Copper Queen are fur-
nishing sufficient ore for the smelter.
The cross-cut on the 300-foot level of
the Alice is in 28 feet in hemitile iron,
and the indications are favorable for
striking a large body of ore. When
work is again started it is probable
that sinking will be resumed in the
Sisson and Alice shafts.

A SUCCESSFUL CELEBRATION

The Fourth Was Appropriately Observed by
the People of Globe.

Globe has had many more elaborate
celebrations of the nation's birthday,
but few that were so generally partici-
pated in and enjoyed as that witnessed
last Friday.

The streets and public resorts were
thronged with people, many coming
from Salt River and adjacent mining
camps and ranches to enjoy the sights.
Flags, bunting and evergreens were
used in profusion in the decorations,
producing a fine effect.

The firing of guns awakened the
drowsy from their slumbers and by
nine o'clock the people began to con-
gregate. Globe's crack band made an
early appearance, and at brief intervals
during the day discoursed lively
music, including patriotic and other
popular airs.

The sports, with the exception of
the bronco-riding and base ball game,
took place on Broad street. The
several races were well contested. The
fast burro race was won by Fay
Green, the slow burro race by Ed
Furlong. In the first boys' race, Joe
Evans won handily, and in the second
race Will Keegan was the victor.

Willie Tucker won the girls' race,
but her competitor not being satisfied
with the result a second race was run,
Willie again showing superior speed.

There were five entries in the foot
race for men, which was well con-
tested. Harry Montana was the win-
ner. The wheelbarrow race was won
by Walter Gainer, which was an un-
fortunate victory, however, as he fell
and injured a knee, but not seriously.
The sack and obstacle races created
much amusement. Elmer Edwards
was the winner of both races.

The bronco riding took place on the
ball ground and was witnessed by sev-
eral hundred persons. There were
eight entries, and all the riders exhib-

ited good horsemanship. Several of
the ponies had plenty of ginger and
bucking propensity, while others per-
sisted in running or sulking. Tom
McKevitt was awarded the only prize
—\$50.

The ball game between the Stars
and Teddies proved a hollow victory
for the former. Out of consideration
for the Teddies we withhold the score.

The celebration concluded with a
dance at Odd Fellows' hall, given by
the Globe orchestra. It was an enjoy-
able occasion, but the attendance was
not what it should have been.

Upon the whole, it was a very satis-
factory Fourth. Everybody was in the
best of spirits (not alcoholic) and noth-
ing occurred to mar the pleasure of
the day. The contributions to the
celebration fund amounted to \$214.50,
and disbursements to \$213.75. The
balance of "six bits" was invested in
ice-cream soda for the committee—
Harry Sultan, S. C. Saylor and Cy
Byrne—who are also entitled to a gen-
erous vote of thanks for their services.

THE FOURTH AT TROY

A Very Successful Celebration in Which Every-
body Participated.

The people of Troy celebrated the
Fourth with enthusiasm and the pro-
gram was carried out without a hitch,
the amusements beginning at 8 o'clock
a. m. and continuing until the close
of the dance at 3 o'clock the following
morning.

The sport opened with foot races
for boys and girls. A fat man's race,
which was laughable, was won by
Charlie Lucas from George Emmett
and Dr. Woodruff. The 60-yard race
for young men was captured by Don
Pugh. Then followed horse, pony
and burro races, which were well con-
tested.

The game of base ball between the
Florence and Troy nines was a
spirited contest. The visitors gained
a commanding lead in the first inning,
scoring seven runs. The Troy boys
were not discouraged, however, and
played a hard up-hill game, but failed
to win out. The final score was 15 to
14.

The single hand drilling contest be-
tween Charlie Davenport and John
Devine was won by Davenport, who
made a record of 14 inches.

The leading feature of the celebra-
tion was a splendid display of fire-
works. There were rockets, roman
candles, flower pots, fountains, pin
wheels and set pieces in great profu-
sion, and producing beautiful effects.

The celebration ended with a dance
in Miners' union hall, which was thor-
oughly enjoyed, and lasted until a late
hour.

There were many visitors in attend-
ance from Florence, Dudleyville and
Globe.

Another Fool Indian Order.

The commissioner of Indian affairs
has appointed supervisor of Indian
schools, F. M. Conser, a special agent
to inspect all the Indian schools of the
southwest and eliminate therefrom all
pupils who have Mexican blood in their
veins. Indians who have white blood
are to remain, but under a recent de-
cision Mexican blood is not to be con-
sidered white. Mr. Conser has visited
a few schools and the result has spread
consternation among the school em-
ployees. At Fort Lewis, where over 400
pupils were enrolled, all but about 150
have been sent home. At Cantonment
school, Oklahoma, more than
half of the 500 pupils have been
dropped. It is believed that the schools
at Albuquerque and Santa Fe will al-
most be closed, and Phoenix will lose
several hundred. As the number of
employees and their salaries are deter-
mined by the attendance, many school
employees feel uneasy about their po-
sitions and salaries. The Truxton
canyon school will not be affected, as
no pupils of Mexican blood are en-
rolled and only two half-breeds.—Mo-
have County Miner.

The double handed drilling contest
which was a feature of the Bisbee
celebration, was won by McNichols
and Ross, of British Columbia, who
drilled 41 25-36 inches, making a new
world's record. Chamberlain and
Malley, the former champions, made
41 inches, and Tarr brothers of Globe,
40 inches. We are informed that
Globe's representatives did rapid
work until almost the close of their
allotted time when the drill stuck
badly and they lost fully a minute.
In the single handed contest O. M.
King won with a record of 20 5-16 in.;
Charles McGowan, second, 19 31-32 in.;
and R. J. Lyons, from Globe, third,
19 21-32 inches.

Democratic Committee Meeting.

The meeting of the democratic coun-
ty central committee was held, as
scheduled, on July 4, at the court
house. The members present were A.
H. Morehead, chairman; R. J. Wil-
liams, secretary; and C. L. Houston, S.
B. Claypool, P. B. Lady, Arthur Fran-

cis and J. F. Ketcherside. Mr. More-
head held the proxies of N. H. Liv-
ingston and E. J. Bonacker, and Mr.
Williams the proxies of W. M. Clanton
and Sam Haught.

The most important question con-
sidered was as to how the primaries
should be conducted. Messrs. More-
head, Williams and Lady advocated the
adoption of the Crawford county
primary plan, which was strongly op-
posed by Houston and Claypool. The
discussion was somewhat heated for a
time, but upon a vote being taken,
the motion to adopt the Crawford pri-
mary carried.

The only other business transacted
was to fix the date of the primary
election for August 23 and of the con-
vention for August 30. The territorial
convention meets at Tucson September
3.

A Sudden Death.

Joe Wheeler, driver of J. N. Mc-
Donough's beer wagon, died suddenly
in the St. Louis beer hall last Saturday
afternoon. A few minutes before he
complained to Dr. Collins of a severe
pain in his chest. The doctor told
him he was in bad shape and advised
him to lie down and apply cold band-
ages, but instead of heeding the advice
Wheeler entered the saloon and sat
down on the floor of the music stand
at the back of the room. Soon after-
wards Mr. McDonough called him,
and receiving no response, went back
to where he lay apparently asleep, and
found he was dead.

Acting Coroner W. F. Rawlings held
an inquest over the body, and the jury
returned a verdict that Wheeler had
died from natural causes. Dr. Neissi
who was called immediately after the
discovery of his death, pronounced
the cause apoplexy.

Joe Wheeler was a native of Eng-
land and about 54 years of age. J. N.
McDonough and other acquaintances
of the deceased paid the expenses of
the funeral which took place from F.
L. Jones' undertaking rooms on Sun-
day afternoon.

LOCAL MINING NEWS.

Our Weekly Resume of Mine Development and
Operations in Globe District.

The Blade states that the McSherry
group of mines below Kelvin have
been incorporated in Omaha, and a
fund of \$25,000 for development work
has been paid into the treasury, and
work will begin soon.

W. F. Stanton, superintendent of
the Congress gold mine, has gone to
Tombstone to personally direct the
work of rehabilitating the famous
mines which in the early eighties
made Tombstone the most noted and
prosperous mining camp in the south-
west. To reopen and equip these old
mines is a great undertaking but not
beyond the skill and ability of E. B.
Gage and W. F. Stanton to accom-
plish.

Antonio Galvan and Lino Almeraz,
rivals for the favor of an amazon living
in the sand wash, became involved in a
serious quarrel on the night of July 1.
Almeraz assaulted Galvan with a rock,
beating him on the head and face with
it until he became unconscious. Com-
panions of the belligerents then in-
terfered, whereupon Galvan revived
and attacked Almeraz with a pocket-
knife, stabbing him below the left
collar-bone and on the left forearm.
Almeraz was taken to the hospital and
Galvan was put into jail. Both men
were so badly hurt that the hearing
of the case was postponed and has not
yet taken place.

Rescue Lodge, No. 12, I. O. O. F.,
installed the following officers last
night: N. G. A. W. Middleton; V.
G. George Wright; Warden, A. Hut-
ton; Conductor, W. S. Sultan; Secre-
tary, H. L. Coombs; Treasurer, Philip
Oates; Chaplain, C. W. Slack; R. S. N.
G., Eugene Middleton; L. S. N. G., J.
M. Carnutt; R. S. V. G., H. H. Pratt;
L. S. V. G., J. C. Bell; I. G., Wm. Zim-
merman.

Under Sheriff Hinson Thomas, who,
with his family, spent the Fourth on
Pinto creek, met with a painful acci-
dent and that the result was not seri-
ous is certainly fortunate. While set-
ting off fireworks for the amusement
of the children, a Chinese bomb, hav-
ing a defective fuse, exploded in his
right hand, and split the ball of the
thumb. The wound was quite pain-
ful for a few days.

The Solomonville Bulletin notes the
return of Mrs. Lucy Garrison from
Magdalena, N. M., and also of the
marriage of her sister, Miss Chisholm
to Mr. J. R. Foss, of Magdalena. Miss
Chisholm was up to a short time ago a
resident of Globe and clerk in the
postoffice.

Among those who will leave for Los
Angeles on Saturday morning, are:
Mrs. A. R. Edwards and daughter,
Miss Mamie Weck and niece, Ruth
Cushman, Miss Laura Brookner and
Miss Susie Van Wagenen.

ocratic Candidates Promises to be Large.

Manager Chas. H. Cutting, of the
Troy and Manhattan copper com-
panies, expects to start for Boston with-
in a day or two.

The Indian base ball nine from San
Carlos visited Clifton on the Fourth
and in a game with the local team was
defeated by the score of 7 to 1.

A fine leopard skin is on exhibition
at the court house. It was sent in by
Fred Haught who lives under the rim
of the Mogollon mountains.

Supervisor M. J. Fuller, wife and
two children, from Pine, are visitors
here and will remain until after the
adjournment of the board of equaliza-
tion.

Mrs. H. H. Needham and daughter,
Muriel, were passengers on Tuesday's
outgoing train. They will spend the
remainder of the summer in southern
California.

The republican county central com-
mittee met last Thursday and without
taking any action relative to the com-
ing election, adjourned subject to the
call of the chairman.

T. F. McCann, Ed Stewart and Aaron
Edwards started last Sunday on a
hunting and fishing excursion to the
Mogollon and White mountains. They
expect to be gone six weeks.

Joe Bandhauer returned last Sat-
urday from Cananea. He says that the
Greene mines and reduction works are
immense, but that the camp is not a
desirable place for the American
miner.

Alexander Moody, who has been in
feeble health for some time, has had
several stinking spells during the week
and it is feared he will not long sur-
vive. He is being cared for by Wm.
Mallory.

Mrs. W. F. Whenthoff and her little
son arrived from Nogales on the 3d
inst., and are visiting Mrs. Whent-
hoff's mother, Mrs. Borquez. They
will leave next week for Prescott,
where they expect to make their
home.

The report of the condition of the
Bank of Globe at the close of business
on June 30th, published in this issue,
is a showing of which the officers of
that institution have reason to be
proud, and is also highly creditable to
Globe.

Albert E. Carson and Amanda M.
Henderson were married on the eve-
ning of July 3, at the home of the
bride's cousin, Dave Edwards. Justice
of the Peace Wm. Rawlings officiated.
Mr. Carson and his bride left the fol-
lowing morning for Troy, where they
will reside.

W. S. Cook, the freighter, and his
family left this morning for Colorado,
with their entire outfit including
horses and wagons, and about 60 head
of cattle. Uncle George Lanpher
went with them to Rice, to see them
well started on their long journey.

Wm. Whalley, manager of the Globe
Telephone company, bought one of
the best buggies in Globe, from the
Middleton-Davis Hardware company.
He also took two of their best sets of
harness, which makes his outfit com-
plete.

At Troy, on July 4, fire, which is
supposed to have started from a fire
cracker, destroyed two tents in which
Frank Lynch and family lived. All
their belongings were consumed. A
subscription was started for the un-
fortunate family and within an hour
\$210 had been raised, which has since
been increased.

T. A. Pascoe has taken the last of
the ten wagons that the Middleton-
Davis Hardware company had in stock
at the beginning of the year. It looks
as though Globe is going, even if it

has to go on wheels. The next lot of
vehicles will go quicker than the last.
They will be here in a few weeks.

In today's Times, A. R. Edwards
announces himself a candidate for dis-
trict attorney, C. L. Houston for
sheriff and Albert Odell for recorder,
all subject to the action of the dem-
ocratic convention.

Fred Briggs has his hands swathed
in bandages as a result of too much
patriotic fervor on the Fourth. He
had loaded a toy cannon with dynam-
ite taken from a giant cracker, but
failing to make the cannon "go off,"
he got a pitchfork and fixed it with
the prongs toward him, and with the
cannon held in both hands he was
jabbing it onto one of the prongs in
order to loosen the dynamite, when it
exploded. The recoil of the cannon
tore Fred's right hand severely and
painfully cut the left hand also. The
services of a doctor were required to
sew up the wounds, and it will be
some time yet before Fred has the
use of his hands.
